News Release

For Immediate Release: August 29, 2018

10:30 a.m., August 29, DOW Updates: Water service shutdown extended for customers on Ananalū Road, Anahulu Road and a portion of Kūhiʻō Highway in Wainiha until further notice

WAINIHA - The Department of Water (DOW) has extended the emergency water service shutdown for customers located on Anahulu Road, Ananalū Road and a portion of Kūhiʻō Highway; between Ananalū Road and Powerhouse Road in Wainiha until further notice. Additional assessments of the infrastructure is required before repairs can begin due to the complexity of the repairs and location of the break in the system.

Access to potable water from two hydrant connections fitted with faucets is available for residents and is located at the intersection of Powerhouse Road and Kūhiʻō Highway in Wainiha. A trailer-mounted water tank containing potable water is also available at the Hanalei Colony Resort's parking lot; located at 5-7130 Kūhiʻō Highway in Hanalei. Customers should bring their own containers to fill.

Water conservation notice continues for all Wainiha residents until further notice in order to avoid a full water outage. DOW is monitoring water tank levels during the repairs and will announce when the conservation notice is lifted.

An update will be provided as soon as new information becomes available. To monitor updates online, visit www.facebook.com/KauaiDOW.

To sign up for BlackBoard Connect CTY notification service, visit www.kauai.gov/KEMA or call the Kauai Emergency Management Agency at 241-1800.
