ADDENDUM NO. 1

QUESTION: Regarding the subject project, the time for delivery is 180 days or sooner with \$100/day liquidated damages. The equipment manufacturer listed on the specifications (Multiquip) says their lead time on these units would be more than a year. Will the time to deliver be extended or should the liquidated damage amount be factored into the bid?

ANSWER: Due to global supply chain issues, time of delivery may be extended after award, upon written request, with written statement from manufacturer.
