

Kauai Water Use and Development Plan Update

Public Informational Meeting

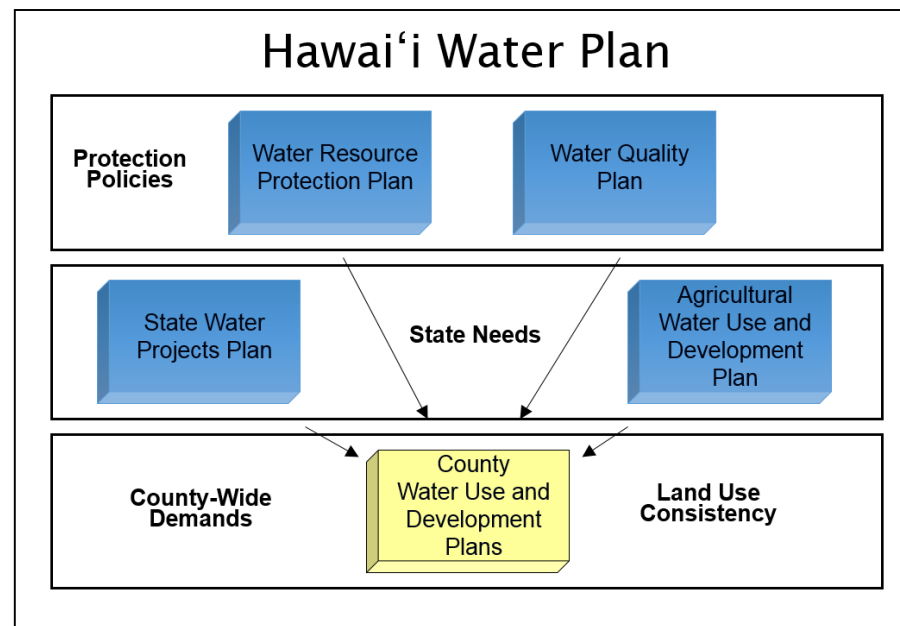

October 2015

Hawaii Water Plan

The *Hawaii Water Plan* consists of 5 components:

- (1) the *Water Resource Protection Plan* (WRPP),
- (2) the *Water Quality Plan* (WQP)
- (3) the *State Water Projects Plan* (SWPP)
- (4) the *Agricultural Water Use and Development Plan* (AWUDP), and
- (5) the *County Water Use and Development Plans* (WUDP). A separate WUDP is to be prepared by each of the four Counties.

Each component focuses on a specific objective and assesses elements summarized in the following table. Each County WUDP relies on the 4 other *Hawaii Water Plan* components for information on the specified elements and coordinates and integrates the information at the county level. The responsible agency and current status of the various components are also provided. The *Hawaii Water Plan* is a living document and many of these components are currently being updated. Please see the *Hawaii Water Plan* website for more information: <http://dlnr.hawaii.gov/cwrp/planning/hiwaterplan/>.

<i>Hawaii Water Plan Document</i>	Objectives	Elements Assessed	Responsible Agency	Status
<i>Water Resource Protection Plan</i> (WRPP)	To protect and sustain statewide groundwater and surface water resources, watersheds and natural stream environments.	<ul style="list-style-type: none"> • Water Resource Quantity • Sustainable Yield • Diversions • Instream Flow Standards • Water Rights Issues • Water Resource Monitoring • Water Management and Regulations 	Commission on Water Resource Management (CWRM) Main: 587-0214	1 st Update Completed in 2008 and available for download from http://dlnr.hawaii.gov/cwrp/planning/hiwaterplan/wrpp/ . 2 nd Update in Progress. See website (http://dlnr.hawaii.gov/cwrp/planning/hiwaterplan/wrpp/wrpp2014/) for sections that are currently available for public comment. Draft Plan to be released in late 2015 or early 2016. Public hearings will be held on Hawaii island, Maui, Molokai, Lanai, Kauai, and Oahu after the release of the Public Draft.

Hawaii Water Plan

Hawaii Water Plan Document	Objectives	Elements Assessed	Responsible Agency	Status
<i>Water Quality Plan</i> (WQP)	To protect the public health and sensitive ecological systems by preserving, protecting, restoring and enhancing the quality of ground and surface water throughout the State of Hawaii.	<ul style="list-style-type: none"> Water Quality 	Department of Health (DOH) Main: 586-4400	1990 WQP available for download from http://dlnr.hawaii.gov/cwrmp/planing/hiwaterplan/wqp/ . 1 st Update in Progress. Draft available at http://health.hawaii.gov/water/ .
