1. *Manager's Report No. 17-50* - Discussion and Possible Action to enter into a Use and Occupancy Agreements No. 362 and No. 362-A between the State of Hawai'i and the Board of Water Supply, County of Kaua'i for Job No. 16-02, Water Plan 2020 No. PLH-35b, Kapaia Cane Haul Road 18” Main, Lihu'e, Kaua'i, Hawai'i *(Update)*

**BACKGROUND:**
Civil Engineer Mr. Keith Aoki commented that when the Department installs new facilities with the State right of ways, this agreement addressed new facilities being installed on Kūhi'o Highway by Ehi K Street. This is part of the State’s requirements. Individuals who provided public testimonies included Michael Goodman, Renee Harper, Bridget Hammerquist, Matt Rosener and Faith Chase.

Chair Akamine called for a 10 minute Recess at 10:22 a.m. and Reconvene at 10:30 a.m.

At 10:30 a.m. Chair Akamine called the Regular Board meeting back to order.

Chair Akamine clarified that Manager’s Report No. 17-50 was about the Use and Occupancy Agreement (UOA) between the State of Hawai'i and the Board of Water Supply.

**DISCUSSION:**
Mr. Kamm requested DCA Krafft's advice. He mentioned that Ms. Hammerquist's testimony was complicated and referenced litigation. Chair Akamine reminded Board members this matter is about the UOA and not related to the litigation. DCA Krafft responded by saying an Executive Session item would discuss the litigation which is privileged communication and not to be discussed in open session. DCA Krafft commented that the Board could go into ES on Kapaia related matters.

Ms. Simonton commented that the UOA would not incur any costs and that the Department is not liable for damages if there are no facilities in the road. DCA Krafft mentioned that the agreement requires indemnification for any damages during construction. If there are future liabilities, there is a risk. If the UOA is signed and the Department does not go into construction in two years, Ms. Simonton added there would be no financial risk.

Mr. Dill moved to defer Board's decision after Executive Session; seconded by Mr. Kamm; motion carried with 4 ayes.

H. NEW BUSINESS
1. Manager’s Report No. 21-02 - Discussion and Possible Action on the Approval of the Department of Water’s Supplemental Budget for Fiscal Year 2021

BACKGROUND:
Mr. Soliz reported Fiscal did Purchase Order (PO) rollovers which are encumbrances for contracts. The rollovers would be added to Fiscal’s approved budget. Encumbrances over $20M were for existing contracts, existing POs for equipment and professional services.

Mr. Soliz addressed the encumbrances totaling $20,016,881. The following are the breakdown for Water Utility Fund (WUF) $16.5M, Facilities Reserve Charge (FRC) $451,109, Bond fund $2.9M. The Transfer In amount of $1,300,000 will transferred back to replenish the WUF (funds that were withdrawn from the FRC).

DISCUSSION:
Mr. Dill referenced the updated Fund Balance Projected to implement the rollovers (Page 132). An estimated encumbrance balance of $6.855M was for the WUF. He asked how does the estimated ending balance compare when the Board approved the annual budget? Mr. Soliz said the estimated fund balance grew from the encumbrance rollovers over $20M. The estimated WUF balance at the time of the approved budget was $6.5M which currently grew to $6.855M. Other comparative balances:
WUF Emergency Reserve balance: remains @ $0
Debt Reserve WURF: remains @ $9.3M
FRC approved budget $1.2M: down to $214,000
Bond Fund approved budget $229,807 – increased to $987,712
TOTAL approved budget $17,303,750 – increased to $17,357,787

Mr. Dill mentioned there has not been any significant impact on the overall numbers.

BACKGROUND:
Chief of Operations Mr. Valentino Reyna mentioned that Glenmount Global Solutions provided a fair and reasonable offer. The annual cost for professional service and maintenance on the contract is $166,702.00. Mr. Reyna recommended to continue with Glenmount Global Solutions.

DISCUSSION:
Mr. Dill inquired if this was a flat rate, or does Glenmount Global Solutions send a bill for monthly services or the number of times called for support? Mr. Reyna indicated billing is a flat rate and technicians are sent to perform repairs twice a year on 96 remote terminal units, server equipment, relay stations, and over the phone tech support.
Technicians remain on Kaua‘i two to four weeks at a time. Last year the expense for this vendor was $148,000. This is a three year term contract with the option to renew with no additional cost.

Mr. Kamm inquired if the Operations staff should be trained in house to do service and maintenance? Mr. Reyna said the level of expertise required is not within United Public Workers (UPW) realm. This could be done in house if recruitment with a qualified applicant if the position was properly compensated which is unlikely.

Mr. Dill moved to approve Manager’s Report No. 21-03 - Discussion and Possible Action on a Request for Proposal Contract to Glenmount Global Solutions, Inc., Job No. 20-03, Supervisory Control & Data Acquisition System Maintenance and Professional Consultation Services for the additional amount of $16,702.00; seconded by Ms. Simonton; with no objections, motion carried with 6 ayes; Roll Call KA, LD, GK, JS, LC, KH

BACKGROUND:
DCA Krafitt briefed the Board that the Pua Lo‘ke ‘Ohana Zone project is next to the Department of Water building. A concern on the title of the lands are not in the County’s name and the Rules require that the Board enter into an Grant of Easement (GOE) with the applicant and owner of the land. The County is in the process of obtaining an Executive Order (EO) which the Board of Land and Natural Resources approved for the Governor to sign. To not hold up the project, there needs to be a small change to the Rule. The Board Chair, as delegated by the Board as Manager, has approved the deferral of the GOE until the County obtains the EO.

DISCUSSION:
Once the GOE is finalized, Mr. Dill asked if there would be a temporary Right of Entry? DCA Krafitt said there is a Right of Entry but this is not an issue.

DISCUSSION:
Mr. Dill referred to Page 152 on the Operating Supplies budgeted $78,484.00 but spent $418,000 and asked for the reason on the large variance? Mr. Soliz explained that the large variance was due to the rollover of the POs and year end encumbrances. Fiscal added it to the revised budget line item for operating supplies.

Fiscal has reached out to the County of Maui Department of Water Supply and the Honolulu Board of Water Supply and there has been no response regarding their policy on meter cuts.
